

The LinhofStudio are the UK importer and specialist retailer of Large Format Digital and Analogue solutions. We are also the UK's largest stockist of LEE Filters.

As a camera club, we thought you might be interested in the offers below. We have put together a range of kits which we hope suit all levels of photography. They offer excellent savings over the recommended retail prices and are sent carriage free within 24 hours. These kits are available exclusively to camera clubs and we ask you kindly to forward these on to your club members, to take advantage of these offers please [ask our Webmaster for the code to receive a 10% discount.](#)

LEE Filters reputation as the benchmark in camera filters is backed by many photographers worldwide who continue to recommend the products for both film and digital photography. Despite the wide availability of image manipulation programs such as Photoshop, digital photographers are increasingly recognising the benefits of refining the image and ensuring it is correct in-camera. Every filter they make is made by hand and inspected by highly skilled staff who ensure it meets the exact standards.
