

# LCC Webmaster Calendar for your Smart Phone, Tablet or Computer.

---

Why type out the entire programme for next season when I have already done it for you in the Webmaster Calendar.

If you are not sure how to do it, read your manual or do a Google search for a help file.

I have added extra notes, the Judges/Speakers websites, plus uploading dates for Projected Images.

You can even set the calendar to a different colour to your normal calendar.

If I change any event on the Webmaster calendar, yours is automatically updated!

The addresses you might need are below. Copy and paste them when prompted.

Good Luck!

Janet Harper
